SMS Text Messaging Consent

Fraser Health Authority uses many ways to communicate with you to schedule appointments and send notifications, such as Email, SMS Text Messaging, and Telephone. SMS Text Messages will be stored in the United States by the service provider for up to 13 months. SMS Text Messages contain personal information including your phone number and message content. The BC Freedom of Information and Protection of Privacy Act (FIPPA) Section 30.1(a) requires Fraser Health Authority to obtain your express consent to be able to communicate with you by SMS Text Messages that are stored and/or accessed outside Canada. Fraser Health Authority will limit collection of your personal information to your phone number and the minimal amount of personal information in the Text Message needed to communicate with you. Fraser Health Authority requires service providers to be compliant with FIPPA, accessing or disclosing your personal information only as legally authorized under the Act.

Do you consent to the Fraser Health Authority communicating with you by SMS Text Messaging? You may withdraw your consent at any time.
